Withdrawal from Courses

Required Procedures

Withdrawal from courses can only be accomplished online through BlazerNET or through the Office of Registration and Academic Records by submitting a completed withdrawal form. This office will date stamp the form and return a copy. This document should be carefully retained by the student. The date printed on the receipt is the official date of withdrawal.

In extraordinary circumstances, if it is impossible for the student to withdraw online or obtain an official withdrawal form, the student may mail a withdrawal letter to the Office of Registration and Academic Records. The official date of withdrawal will be the date the letter is received in this office.

Failure to attend class does not constitute a formal drop or withdrawal. For financial aid purposes, the date of last class attendance will be the official date of withdrawal unless otherwise documented.

Adjustment of Charges

Generally, students will not be charged tuition and fees for classes officially dropped prior to the published drop deadline each term. All tuition and fee payments may be refunded for the credit hours and fees associated with each class dropped before or during the add/drop period. The deadline for dropping classes without incurring charges is published each term in the UAB Class Schedule.

Students who completely withdraw from school on or after the first day of the term will be charged a \$30.00 withdrawal fee.

Any credit balance resulting from a change in course load during the add drop period of the term will be distributed in accordance with the Order of Return of Title IV Funds Policy. Add drop period deadlines for each term are posted in the Academic Calendar available online www.uab.edu/registrar.

Exceptions

All students are responsible for adhering to UAB's academic policies, as published in the UAB Undergraduate Catalog and the current UAB Class Schedule. The Provost may make exceptions to policies. Exceptions will only be made in extraordinary circumstances. Only in cases of serious illness, which precludes a student from attending classes, or a call to active military service, can a student qualify under this policy for either administrative or academic withdrawal from courses from that semester. In such instances, students requesting an exception to policy must provide the cause specific documentation in order for the request to be considered.

Requests are evaluated only from written documentation (see address below) and not through appointments or telephone calls. (Please note that grievances of an academic nature are addressed through the Academic Grievance Policy see page 88). Requests for exceptions must be submitted at the earliest possible time. Consideration will not be given to any request submitted later than the term immediately following the term for which the exception is being requested. A full reduction in tuition and associated fees will be made for appropriately documented serious illnesses or military service activation, which preclude a student from continuing his/her studies at UAB. For students receiving refunds, such refunds will first be applied to any outstanding obligations and to any scholarship, grant, or loan the student has received for that term. A student who is receiving any form of Federal Title IV Financial Aid will be liable for any unearned funds received as determined by the Federal Return of Funds Policy (check with Student Accounting Office for details.)

Failure to adhere to the published drop and withdrawal deadlines (as outlines in the UAB Catalog and the UAB Class Schedule) does not qualify under this policy as an Academic Exception.

Financial Aid to Students

Students should apply for financial aid if they need assistance in paying for the cost of education. Students applying for financial aid are considered for all programs for which they are eligible. Assistance generally takes the form of a combination of grant, loan, and employment. The amount of the award is based on the financial need of the student, taking into consideration the student's total expenses and the family's financial circumstances. A nationally recognized method of analysis approved by the federal government is used to determine the family's ability to pay toward the cost of education.

Applying for Financial Aid

Students are encouraged to complete the Free Application for Federal Student Aid (FAFSA) available online at www.fafsa.ed.gov in early February. The earliest students can submit the FAFSA is January 1. Instructions and UAB forms are available online at www.uab.edu/financialaid. Since some of the aid programs have limited funding, students are encouraged to submit all required forms to the financial aid office by April 1 for financial aid for the following fall to ensure they receive aid from all programs for which they are eligible. In order to meet the tuition and fee deadlines, completed applications should be submitted no later than 45 days prior to the beginning of a term. Students must reapply for financial aid each academic year.

Since procedures and rules are subject to change, students interested in applying for financial aid can receive further information online at www.uab.edu/financialaid.
