\* Ideally, at the end of the first year, the student would have completed the university composition requirement (6 hours), 6 hours of humanities and fine arts, 9 hours of social science, and 4 hours of science and mathematics.

# Public Speaking is highly recommended as a Core choice for Communication Studies majors and minors; however, other options exist.

‡ Communication Ethics (CM 103) is not required, but is recommended. Like Public Speaking, since they are not required, its hours are not added to arrive at “Total Credits.”
